<i>May God bless you!!</i>		

DIRECTOR'S CORNER

Welcome to the month of April! By God's grace we've made it to the 4th month of 2022! There are so many things to be celebrated in the month of April, but we can't forget the most amazing gift of all, *SALVATION!* God sent His son Jesus to pay for our sins, and because of Him, we can have eternal life!! Isn't that great news!! Let us all remember the real reason for the season. (John 3:16).

We have been blessed to add new members to our staff, new students to our classes, and new parents to our family who have been nothing short of amazing!

Kiddies Kollege will continue to require all students and staff to wear masks while in the center. We have found that wearing masks has been a great way to reduce the transmission of germs. We will notify parents and staff of any occurrences and updates to the guidelines. It is critical that we all continue to follow the policy on sick children. Sick children are not allowed at Kiddies Kollege Christian Center. Thank you!

School Closings

Whenever KKCC is closed because of inclement weather or other emergency circumstances, all parents and staff will be notified by message using the Procure application.

THE BEAVERS

Ms. Ndamo & Ms. Lien

Welcome to another month! Spring is here and we are all excited. All will spring to life. The songs of birds, flowers blooming, and the trees will come alive again. Yes, the long-awaited sunshine is here. The students have been anxious to go out to the playground and play. We are glad the time is here. As we progress through the academic year, I can safely say at this point that the students are progressing steadily. The students have been very serious about keeping up with their classwork and homework. This has given them positive results. We will do our best to keep up the growth.

Last month we celebrated the famous author Dr. Seuss by reading and exploring the interesting themes in some of his books, then we studied transportation on the second week. From there, we went on to look at trees and plants, talking about their importance and how to care for them. Lastly, we studied the spring season and concluded the month studying insects looking at their characteristics.

This month we will study birds and our environment, reflecting on how to protect and keep them safe. We will study fish and finally learn the meaning of Easter, and why we celebrate it. As we continue to march on, parents are encouraged to review all worksheets brought home by students. We have also been sending home little ABEKA readers. We would like to remind parents to also review them as these books will help improve your child's reading skills. While we do academic work, character building lessons have not been left out. We do consider students' social skills as especially important as they always relate to their peers and to the world around them. Thank you, parents, for all that you do for these little ones. Wishing everyone a blessed Easter. May we all continue to keep safe.

Earth Day is on April 22nd! Dedicate this day and every day to taking care of God's green earth!

THE CHEETAHS

Ms. Martha & Ms. Kimani

Spring is finally here! Welcome to a new month, Parents and Cheetahs! The Cheetahs are happy about going outside and enjoying the warm weather. They have grown physically, emotionally, mentally, and spiritually. Their friendships have bloomed like the flowers. Last month we welcomed a new student to our class. Last month they studied Dr. Seuss and the impact his books had on the lives of children.

Last month they learned about Women's History Month and the importance of it. Academically the Cheetahs learned to recognize and write numbers 0-70. The Cheetahs also learned how to spell numbers 0-10 and they've learned how to spell each of their colors. They will continue to work on blends, syllables, and how to say a sentence using sight words.

This month the Cheetahs will learn about insects. They are sure to enjoy going outside to find and identify them. They will also look for birds and listen for bird calls. They will examine the growth of trees and plants. Most importantly they will learn about the true meaning of Easter. Thank you to all parents who attended the Parent Teacher Conferences. It was nice meeting and talking to each of you. Each member of the Cheetahs class has shown tremendous academic and social growth. We look forward to what spring will bring us.

~Daisies and Sweet Peas signify the month of April! ~

THE CHIPMUNKS

Ms. Roberts & Ms. Victoria

April is here already! April showers as we are led! We pray this month will bring His showers of blessings upon us! Our children are learning so much and before we know it, they will be moving on to kindergarten. We hope the children will be staying at KKCC making them even stronger in the curriculum they're accustomed to. The Chipmunks will take graduation pictures on April 26th! Woohoo!!

As we press on to warmer weather, we will begin to see changes all around us such as baby birds being born. Our theme "birds" will allow children to learn more about these beautiful creatures. There are so many different types of birds, and they are all important to us.

As we enter the Passover season, we believe that we will spend this time to reflect on what Jesus has done for us. We are nothing without him. The children are growing to love him more and more.

The children will be hearing about their environment, how to take care of it, and how we can make it better.

Finally, our last theme is about fish. The oceans and rivers are full of all kinds of fish, some to eat and some to keep in a fish tank and keep far away from LOL! Salmon, goldfish, and sharks, just to name a few. We are already on a countdown to graduation, roughly two months away! Please work with your child on their homework and papers they bring home as revision is important for them.

Welcome our newest staff members!
Ms. Victoria, Ms. Brooke, & Ms. Shardei

THE CATERpillARS

Ms. Chase & Ms. Flavia

Welcome April!

It's a magical time as mother earth awakens from her winter slumber and begins to come alive once again! Last month, the Caterpillars completed beautiful art projects surrounding our themes of spring, insects, plants and trees, and transportation. They enjoyed learning going outside to run and play in the beautiful spring weather.

Our themes for this month are Birds, Easter, Our environment, and Fish. Prior to our Easter break, Caterpillars and Teachers will celebrate Easter which signifies the Resurrection of our Lord Jesus.

While celebrating, students will gain appropriate knowledge about this time and how it's celebrated around the world. Our other themes will give students the advantage of learning through activities such as playing, dancing, hands on work, outdoor play, and more specifically, being able to experience the beautiful things such as birds, insects, plants, trees, and everything else the great outdoors offers. Please be mindful of our early closure dates and holiday closings. We pray that everyone has a blessed month!

THE BUSY BEEZ

Ms. B & Ms. Shardei

Hooray, spring is finally here! We thank God for warmer temperatures which means consistent outside play after bringing stuck indoors for a while! It is so hard to believe that the Busy Beez are in the last quarter of the school year. It seems like they just joined the class yesterday! The Busy Beez continue to make good progress and we see them maturing right before our eyes. They have grown taller and most of them are out of pull ups, yaaaaaaaahhhhh! Some of them can spell their names and a few of them can write their first names. Way to go Busy Beez!

The theme for the first week of April is "Birds". The Busy Beez will gain some knowledge about the characteristics of birds and their habitats. We will learn the names of a few birds like the Blue Jay and the Kookaburra. We will also learn the songs like "Kookaburra Sits on the Old Gum Tree."

"Easter" is the theme for the second week. During this week, we will discuss the real meaning of "Easter." We will talk about what Jesus did for mankind – His death, burial, resurrection and how that relates to us.

The theme for the third week is "Our Environment." During this week, the Busy Beez will be taught some of the ways we can keep our environment clean and safe. One of the activities we will do in class is sorting some items that can be recycled.

The theme for the fourth week is "Fish". Again, the Busy Beez will gain some knowledge about the characteristics of fish and their habitats. We will learn the names of a few fish like the goldfish and the guppy.

We will be working on the numbers 13 and 14 and letters Ss, Tt, Uu and Vv. We will review some of the Bible stories we did earlier in the school year. Three Busy Beez students turned four last month. Brayden, Noah, and Kameron. We thank God for their lives, and we pray for many, many more birthdays. I declare that they are blessed and highly favored in Jesus mighty name amen. Friendly reminder: Please refer to the reminders list at the end of the Newsletter. As we celebrate "Easter" this month, let us remember to thank Jesus for His

sacrifice on the cross for mankind. The Bible says "For God so loved the world, that He gave His only begotten Son, that whosoever believes in Him, should not perish but have everlasting life. Jesus died, was buried, but thank God, He rose again. Glory to God! Dear parents, if you have not given your lives to Christ, I urge you to do so.

A TIP FOR PARENTS FROM A PRESCHOOL TEACHER

Give structured choices. If, for example, your 3-year-old refuses to sit at the dinner table, you might offer the choice of sitting and getting dessert -- or not sitting and missing out on a treat. "At first, your child may not make the right choice, but eventually he/she will, because he or she will see that the wrong choice is not getting him or her what he or she wants," says Buss. Just be sure, if you want your child to choose option A, then make option B less attractive.

By Marguerite Lamb, thank you & God bless!

FOR
GOD
SO
LOVED the World
that
HE
GAVE
His
ONLY
SON
John 3:16

THE DOLPHINS

Ms. Patel & Ms. Jenae

April showers may come, but working with modeling clay, finger painting, and playing games inside can make even the most rainy days enjoyable!

This month, we are seeing our Dolphin students excel in the classroom! Three of our Dolphins are almost fully potty trained and wearing training underwear! We are potty super heroes in the Dolphins class!

We are focusing on recognizing the number 7 and as a class, we are counting from 1-10, recognizing them and doing activities to become more familiar with our numbers. Please encourage your child to practice counting at home.

Our themes for the month are Birds, Easter, Our Environment, and Fish. Please be on the lookout for lots of crafts for our themes.

We will be having an Easter celebration! We will be celebrating in a few ways: a class Easter egg hunt, snacks, candy, and we will be dressing in our Sunday's best! Have your Dolphins dressed in pastel colors, supply them with an Easter basket, and come ready for the celebration!

Lastly, we have quite a few birthdays coming up in the next few months. With that being said, please contact us so we can schedule class parties appropriately. We want each child to have their own day to celebrate. Thank you for all you do!

Birds and fish

Our Environment

THE LITTLE LAMBS

Ms. Lydia, & Ms. Yulisa

It is a pleasure to greet you parents! We are already in the month of April! As the children get used to various changes, we have only one goal, to learn! The Little Lambs are getting smarter and smarter each day! They enjoy the "Letter Hunt" game! We put letters on plates and place them throughout the classroom. They have so much fun searching for letters all while strengthening their letter recognition skills! We also want to recognize all our children who are doing very well with their potty training. There have been great improvements and I know they will continue to improve more and more.

This month will be full of fun topics. We will fly like birds while learning about various types of birds. Then, we will talk about our environment and why it's so important to take care of it. Lately, we have been collecting artwork from the students and making the Little Lambs Garden, our classroom is getting more beautiful by the day!

We will also be learning about Easter and having an Easter Egg Hunt! I can't wait to see our children enjoy themselves and have fun. Then, we will go to the deepest part of the sea and learn about fish. The children will be busy with various art projects, but at the same time, learning about these themes.

This month, we are planning to teach the Little Lambs how to spell their names. We hope parents will help us with this task. They are doing great with letter recognition. We know they will be spelling their names in no time!

Reminders

- **Keep sick children home from school.** If a child complains of not feeling well or shows *any* signs or symptoms of illness, the parents will be called to pick up the child from school.
- Pack at least one extra mask in your child's bag.
- Breakfast is served from 8-8:30 am daily.
- Classes begin at 9:00am each day.
- Do not pack shellfish, nuts, peanuts, or other nut products for lunch or snacks.
- We encourage you to pack fresh fruits and vegetables for your child's lunch.
- Do not send food items that may be choking hazards for young children (i.e., grapes, popcorn).
- Put an ice pack in the lunch box to keep food fresh.
- Use only microwavable containers. Meals must take no longer than two minutes to microwave.
- Keep two complete sets of weather-appropriate clothing (including underwear and socks) at school for your child.
- Crocs and open-toed sandals are prohibited.
- Shoes with Velcro are strongly encouraged, laces can cause a lot of accidents!
- Children should not wear expensive jewelry or bring valuable items to school
- Do not send toys, especially stuffed animals, to school.
- Remove and review classwork that has been placed in your child's folder each day
- **Parent Teacher Conferences Friday April 1st**

** Class news and class reminders were contributed by classroom teachers. For questions, comments, or corrections, contact Ms. Victoria
